BookMap

# Demo

The screenshot displays the BookMap application interface. At the top, a teal header contains the title "BookMap". Below the header, a search bar shows the ID "CZL0865" and a search icon. A button labeled "Digita collocazione" with a plus sign is positioned below the search bar. On the left side, there are two filter dropdown menus: "Nessun filtro" and "Primo piano". The main area features a 3D floor plan with various rooms and bookshelves. The rooms are labeled with letters: "O" (orange), "P" (teal), "N" (brown), "M" (orange), "E" (orange), "D" (green), "C" (blue), "B" (purple), "A" (red), "F" (teal), "G" (dark blue), "H" (purple), "I" (orange), and "L" (green). A dashed line is drawn across the top row of bookshelves (F, G, H, I, L). On the right side, a vertical list of rooms is shown: "Ufficio Presiti", "Polo di archivio storico", "Uffici Personale", and "Accoglienza". The top status bar shows icons for camera, mail, Wi-Fi, Bluetooth, and battery, along with the time "15:21". The bottom navigation bar contains icons for home, back, and search.

# Punti di forza

Per la biblioteca:

- Scalabile
- Economico

Per l'utente:

Trovare in modo facile e veloce i libri in biblioteca, senza chiedere aiuto al personale
